

DOHA BRITISH SCHOOL

WAKRA PRIMARY SCHOOL

Qatari History

We will be continuing our study of the important role Qatar plays in the region along with the chronology of events in Qatar's history.

Topic Web

Year 4 Topic Web Spring 1

History

We will continue exploring a range of sources in history. Learning about chronology of the Viking era. We will also be comparing the lives of a Viking family with modern day families.

Geography

We will continue exploring Viking settlements, invasions as well as learning about the physical and geographical features of where these are in the world.

Spanish

Children will be looking at the different objects they can find in a pencil case and describe its gender, singular, plural and to say and write sentences using the verb TENER (to have). Numbers 1-700 and question words.

Arabic

Prose poem treasure (Writing), Islamic art museum (Reading), alnnida' (Grammar), Horses (Reading), conjunctions (Grammar), Hamza on medium A. (Writing Grammar)

Science

We will be continuing learning how sounds are made through vibrations, as well as learning how sound travels into our ears. We will be learning to set up our own scientific experiments, learning about the importance of keeping things fair.

Vikings!

Vikings are an important aspect of our history who achieved many great things. We will be learning about how they made an impact on the world.

P.E.

We will be starting our tag rugby topic. We shall aim for pupils to develop an accurate side pass, importance of dodging and understand the rules of the game.

Literacy

We will be learning about Greek Myths, studying the features of these and writing our own Myth. We will begin our Novel study, noting different techniques and features used to write our own chapter.

Maths

Continued practice of addition and subtraction of 4 digit numbers. We will move on to looking at fractions, learning to add and subtract fractions and recognise equivalent values of fractions. We will also be working on counting on in hundredths.

ART and DT

We will continue looking at the different styles of Viking armour and weapons as well as making their own longboat.

Music

Students will be learning how to read and write music notation, how to perform ostinato, and experience form through movement. Students will also look at how a composer creates mood through 'The Planets' by Gustav Holst.
