

DOHA BRITISH SCHOOL

WAKRA PRIMARY SCHOOL

Children will be role playing the Journey to the Moon – they will become either Neil Armstrong, Buzz Aldrin or Michael Collins and will re-enact the Journey to the Moon in 1969.

Qatari History
The children will be learning about the GCC countries and National Day.

Topic Web

Year 1 Topic Web Term 1

Science

In Science children will be learning about 'Materials' on Planet Earth – e.g. Glass, Plastic, Wood and how these are used. They will design their own rocket using materials and create this from recycled objects.

Earth and beyond

In this unit children will be securing their knowledge of Earth by looking at continents, oceans, the equator and North and South Pole. They will then move onto space – looking at the Journey to the Moon in 1969, learning the planets in the Solar System and creating their own outer space stories!

P.E.

We will be covering Gymnastics this half term. Pupils will be looking at a variety of ways they can travel, perform rolls and balance.

Literacy

Children will be writing their own space story using capital letters, full stops and connectives (and, because). They will also be writing instructions for aliens to tell them how to do simple tasks on Earth e.g. 'How to brush their teeth' They will use time connectives such as first, next, after that, finally.

Spanish

Children will be learning colours, things that can be found inside a pencil-case (pen, eraser, colours, ruler, sharpener, pencil etc.), things that can be found inside a classroom (table, chair, clock, white board etc.) and fruits.

ART and DT

Children will be using papier mache to create a 3D Solar system of the planets in the classroom, and will be using chalks & black paper to create their own 'moon landing' pictures

Arabic

- * Alphabet
- * I speak about myself (speaking).
- * My family(reading).
- * I can write my name(writing).
- *Demonstrative pronouns (grammar)

Music

Children will be learning about how to write rhythmic notation and how to sing using solfa hand signs. Children will also be listening to a variety of classical music.

Maths

Children will be focusing on 2D and 3D Shapes. They will look at describing their properties (e.g. 2D – Sides/ Corners, 3D – Edges/ Faces/ Corners) They will create their own Space Rocket using 3D Shapes.

Geography

Children will be learning about Planet Earth and hot and cold places in relation to the equator and North and South Pole. They will be learning to order the planets in the Solar System.
