

DOHA BRITISH SCHOOL

WAKRA PRIMARY SCHOOL

Design and Technology

In Design and Technology children will be focusing on 'Mechanisms'. They will be designing and creating their very own season themed winding mechanism. Children will need to bring in a shoe box for this activity so PLEASE keep your shoe boxes! ☺

Maths

We will be learning about multiplication and division, converting time from digital to analogue and doubling and halving numbers. We will also be counting up in 2s and beginning to learn about fractions.

Topic Web

Computer Science

In computers this term we will be Investigating recipes and TV cookery programmes. We will also be programming a sandwich-making robot. We will be learning how to practice with the camera As well as editing and reviewing.

Year 1 Topic Web Summer 1

Science

In Science children will be focusing on the 'seasons' and 'weather'. They will recall the months in which different seasons occur and will be learning about how the length of days can vary during different seasons. Using the ICT skills previously learned the children will be making a poster of facts about the 4 seasons. This will build on the skills they have learnt in the previous term when learning about seasons.

Literacy

The children will be focusing on the meaning of all the tricky words. They will be practicing and becoming secure in all their English skills by focusing on one story. We will look at rhyming couplets for our poetry lessons.

Qatari History

They will be learning about calendar in preparation leaning about the special holidays and festivals.

History

Children will be learning about 'Fossil Hunters' such as Mary Annings. They will learn about her career as a fossil hunter and learn about prehistoric animals! We will be looking at different famous artists throughout history.

In Summer 1 children will be completing some more fun learning objectives from Science, D&T and music. They will be creating their very own moving mechanisms based on what they are learning about in Science. Children will be learning about different artists from history and exploring their work and recreating some.

Music

In Music, children will learn a new self hand sign and new rhythmic notation. Children will also learn about important classical composers and how to play simple pieces on the recorder.

to know and show different ways of using a ball to throw and catch using a range of equipment to steer and send a ball in different directions using a bat to observe, copy and play games as individuals and in groups understand the importance of "rules" when playing
