

DOHA BRITISH SCHOOL

WAKRA PRIMARY SCHOOL

Trips and Visits

Children will be visiting a local garden centre to name plants and plant their very own! They will take photos with a digital camera which links to our computing work and will edit these.

Qatari History

This term we will be learning about and comparing ancient and modern crafts such as ship building, gold manufacturing, fishing then and fishing now.

Topic Web

Maths

Children will be revising how to identify tens and units in a number, counting in steps of 2,5 and 10 from any number. They will be estimating numbers using a number line and identifying odd and even numbers.

Spanish

Sports and hobbies linked to I play/I practice. Physical description. Verb SER/TENER. Numbers 1-20. Summer/Winter clothes. Verb LLEVAR. Character. Shapes.

Music

Children will learn how to read and write rhythmic notation and continue to learn pitch using solfa hand signs. Children will also explore instruments through 'Peter and the Wolf' and start to play the recorder.

Arabic

Demonstratives (Grammar).
Pronouns +(أ،و،ي) (Grammar).
The Horse (Writing).
Bee Kingdom (Reading).

P.E.

We will be looking at athletics this half term. A development of jumping, throwing and running technique will be the focus.

Year 2 – Spring 2

Art

In Art and Design children will be looking at art work containing flowers from such artists as Andy Warhol, Vincent Van Gogh and Monet. They will learn to compare similarities and differences between these and create their own inspired piece.

Mother Nature

In this topic children will be focus on naming and recognising different types of plants. They will learn about what plants need to grow healthily, how to plant a bulb or a seed and will visit a local garden centre to take photographs to edit back in school! They will be writing their own persuasive advert on reasons for why people should also buy flowers/ visit a garden centre.

Computing

On our visit to a local garden centre, children will use digital cameras to take photographs of flowers/ nature. They will learn to edit the photographs by adding filters, cropping and straightening these and adding text.

Literacy

In Literacy children will be learning to write their very own story based on books from the same author 'Roger Hargreaves'. They will study the Mr. Men series of books, will make wanted posters, character profiles and plan and write their own Mr. Man/ Little. Miss adventure! They will also be learning to write a persuasive advert based on their trip to the local garden centre. They will persuade people to visit or reasons for why they should buy flowers!

D&T

In D&T children will be learning about where food comes from in the world. They will focus on plants that are grown for food. They will plan and prepare their own delicious meals!

Science

In Science children will be learning to name and identify a variety of different plants which will tie in with our Science trip. They will observe and describe how seeds and bulbs grow and find out what plants need to grow healthily – including a suitable temperate. They will also be looking at simple food chains. They will identify and name different sources of food.
